

About Us:

Our institution was founded to fill a need for advanced skills training within the region. There is a large demand for skilled workers in a variety of trades and we want to ensure that individuals have access to the education and training they need to advance their careers.

Our team comes from a variety of industry specific backgrounds to provide real world perspective and insight in all of our training.

Our Message

“ TriState Career Tech strives to be a leader in vocational training by offering a variety of skills-oriented training programs in commercial truck driving, heavy equipment operation, crane operation, safety, and various construction trades. We take pride in helping people gain the skills they need to take their career to the next level.

MAX AVERY, CO-FOUNDER ”

WE HELP YOU START YOUR CAREER

Affordable Quality Education
Fast & Efficient Training
High Paying Jobs & Rewarding Careers
Professionally Certified Instructors

Why Choose Us:

There are many different career, vocational training programs to choose from. So what makes TriState Career Center the right choice for you? We set ourselves apart from the other educational programs because we have industry-experienced instructors, flexible program options, Career Assistance and so much more.

We strive to make sure every student gets the resources and support they need to succeed. From application and financial aid help to career assistance, we'll provide you with everything you need to reach your career goals.

Our Program

Modern Learning

We design our courses to be taught in a way you can learn the material easily. Our goal is to ensure your education success. Each lesson is designed to be efficient and informative.

Advancement

You don't have to drive forever to have a great career in the transportation industry. Many carriers have opportunities to become a trainer, recruiter, dispatcher or management.

Job Security

The majority of students who have completed our training programs have gone on to start rewarding, high paying careers.

The demand for truck drivers continues to be extremely high. There are many carriers located nationwide and we will help you find a company to work for.

Financial Assistance

Eligible Students can apply for tuition assistance programs with several options to choose from including payment plans, student loans and scholarships.

Not only can you get financial assistance for your training, TriState has established housing assistance for students. A special rate is provided at our partner hotel for the full length of your training.

Our Mission

Our mission is to meet the career development goals of every student we train, while supporting industry requirements for better prepared candidates in today's high tech workplace and adding value to our communities we serve.

Apply today to find out why so many individuals and carriers have chosen our program.

Program Features

Training has included mandatory maneuvers, safe operating practices, advanced operating procedures, vehicle maintenance and non-driving activities.

- ✓ We train on manual transmission trucks to ensure drivers are able to operate both manual and automatic vehicles.
- ✓ Our ranges are conveniently located with ample space for safe maneuver training.
- ✓ All our trucks are well maintained and we include opportunities to learn valuable skills pertinent to the transportation industry beyond the minimum training requirements.
